Have you ever suffered from a stroke? Y N Have you ever had spinal surgery? Y N
Have you had any surgery in the past five years? Please include all procedures even knee scoping, dental surgery, etc.? _____

Informed Consent for Chiropractic Adjustments and Care

I hereby request and consent to the performance of chiropractic procedures, including various modes of physical therapy and diagnostic x-rays, on me (or the patient named below, for whom I am legally responsible) by the doctor of chiropractic named below and/or other licensed doctors of chiropractic who now or in the future treat me while employed by, working with, or associated with or serving as back-up for the doctor of chiropractic named below, including those working at other Chiropractic Partners offices.

I have had an opportunity to discuss with the doctor of chiropractic named below, and/or with other office or clinic personnel the nature and purpose of chiropractic adjustments and other procedures. I understand that results are not guaranteed.

I understand and am informed that, as with the practice of medicine chiropractic carries some risks to treatment, including, but not limited to fractures, disc injuries, strokes, dislocations and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications. I consent to rely on the doctor's best judgment, exercised during the course of treatment that is in my best interest, based upon the known facts.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its consent, and by signing below I agree to the above named procedures. I intend this consent form to cover the entire course of treatment for my present condition(s) and for any future condition(s) for which I seek treatment.

To be completed by patient:

Print Patient Name

Date Signed

Pregnancy Release:

This is to certify that to the best of my knowledge I am not pregnant and I give my permission to perform an x-ray evaluation. I have been advised that x-ray can be hazardous to an unborn child.
